

<b>Course Title:</b>	<b>'Introduction to New Technologies in language teaching'</b>
<b>Course Nr.:</b>	<b>#5</b>
<b>Target Groups:</b>	This course is designed for language teachers from all educational levels & sectors, beginners and pre-intermediate as far as ICT skills are concerned.
<b>Dates/Venues:</b>	Amsterdam: 22-27 October, 2017 Amsterdam: 25 February – 2 March, 2018
<b>Course aims:</b>	The course is to support language teachers in developing ICT skills for language teaching and learning and to give them the knowledge of Web 2.0 tools designed for educational settings. The course is created to equip the participants with hands-on experience in ICT and to demonstrate the potential of new media and the Internet use in the language classroom. It reinforces the participants' digital competence and boosts their confidence as well as enhances teaching skills necessary to effective language teaching with ICT.
<b>Course content:</b>	<p>The course covers the following topics:</p> <ul style="list-style-type: none"><li>• Teacher's ICT kit – exploring Web 2.0 tools to organize teacher's work, save time and make school life easier. A review of the most essential and practical multimedia tools for teachers</li><li>• Writing – introducing Web 2.0 tools to motivate students to write and develop their writing skills. Discovering online applications for creative and collaborative writing.</li><li>• Listening and reading – investigating Web 2.0 tools to develop students' interests in mastering reading and listening skills. Various websites and online resources with texts, podcasts and recordings.</li><li>• Speaking, vocabulary and games - researching online applications designed to develop students' speaking competence and confidence as well as to give them tools to learn and revise lexis. A lot of games making learning and teaching language enjoyable.</li><li>• Language teacher database – discovering and sharing numerous resources and ready-made recipes for your lessons. Plenty of materials to take home and use in your lessons.</li><li>• Web 2.0 Communication tools for three way communication</li></ul>

- Web 2.0 Creativity tools with words, visuals, words + visuals + sound
- Web 2.0 Collaboration tools for project management, co-creation and resource management

**Methodology:**

The course combines short introductions in the form of brief plenaries on the current methodological topics followed by presentations of related online applications, Web 2.0 tools, materials or activities. Then the practical work is done individually or in small groups depending on the needs and educational levels. Finally, the outcomes are shared and discussed.

**Day-to-Day Course Topics:**

Day 1

- Greet & Meet
- Course overview
- Cultural event

Day 2

- General introduction to Web 2.0 tools in education
- Setting up a digital platform for cooperation and storing materials
- **Web 2.0 tools to organize and manage classroom** - why and how to use presented tools in our work
- Presentations and tutorials of selected tools - Individual or group work with selected tools
- Sharing results and discussion

Day 3

- **Introduction to Web 2.0 tools to teach speaking, vocabulary and games**
- Presentations and tutorials of selected tools – why and how to use presented tools in classroom
- Individual or group work with selected tools
- **Web 2.0 Communication tools**
- A short introduction into communication tools (three way of communication: 1 way/2 ways/multiple ways)
- Individual or group work with selected tools
- Sharing results and discussion

Day 4

- **Introduction to Web 2.0 tools to teach writing**
- Presentations and tutorials of selected tools – why and how to use presented tools in classroom
- Individual or group work with selected tools
- **Web 2.0 Creativity tools**
- A short introduction into creativity tools (word/visual/word+visual+sound)
- Discussion of didactic issues that require creativity tools
- Individual or group work with selected tools
- Sharing results and discussion

#### Day 5

- **Introduction to Web 2.0 tools to teach reading, listening and pronunciation**
- Presentations and tutorials of selected tools why and how to use presented tools in classroom
- Individual or group work with selected tools
- **Web 2.0 Collaboration tools**
- A short introduction into collaboration tools (project management/co-creation/resource management)
- Discussion of didactic issues that require collaboration tools
- Individual or group work with selected tools
- Sharing results and discussion

#### Day 6

- Language teacher database – discovering and sharing numerous resources and ready-made recipes for classes
- ICT-based lesson plans
- Planning further cooperation
- Course evaluation

<b>Organisation:</b>	TELLConsult in collaboration with (EU project) partners.
<b>Course fee:</b>	The total fee for the course is: 580,- Euros (including organisation costs but exclusive of meals, social and cultural activities, travel and hotel costs)
